Ocular and periocular malignancies: incorporating radiotherapy in multimodality treatment

The objective of this new event hopes to share expertise and best practice in invasive and non invasive management of ocular and periocular tumours with emphasis on malignant disease. The main focus will be on radiotherapy, but the event will also provide perspectives from other healthcare professionals involved in the management of ocular and periocular tumours.

Who will benefit from this event?

- Radiotherapy: Consultant/Registrar Clinical Oncologists/ Radiation Oncologists/Therapeutic Radiographers/Medical Physicists/Dosimetrists
- Oculoplastic surgery, Plastic surgery, Oral and Maxillofacial surgery: Consultant/Registrar
- Other clinical specialties – healthcare professionals involved in the management of ocular tumours (e.g. ophthalmologists, radiologists, optometrists, orthoptists, nurses etc.)

Programme Organiser

Dr Agata Rembielak, Consultant
Clinical Oncologist, The Christie NHS
Foundation Trust; The University of
Manchester

Scientific Advisors

Mr Sachin Salvi, Consultant
Ophthalmologist, Sheffield Teaching
Hospitals NHS Foundation Trust

Mr Sajit Ataulлах, Ophthalmic,
Oculoplastic and Orbital Surgeon,
Manchester University NHS
Foundation Trust

09:00	Welcome and introduction
Session 1 Ocular and periocular tumours - setting up the scene	
09:05	Introduction to ocular and periocular tumours Mr Sachin Salvi, Consultant Ophthalmologist, Sheffield Teaching Hospitals NHS Foundation Trust
09:25	Specialised ocular oncology services in the UK Mr Sachin Salvi, Consultant Ophthalmologist, Sheffield Teaching Hospitals NHS Foundation Trust
09:35	Imaging in ocular and periocular malignancies Dr Katherine Miskiel, Consultant Neuroradiologist, University College London Hospital
09:55	Radiotherapy decoded (for non radiation specialists) Dr Agata Rembielak, Consultant Clinical Oncologist, The Christie NHS Foundation Trust; The University of Manchester
10:05	Q&A Including all first session speakers
10:15	Break
Session 2 Radiation related toxicity	
10:30	Radiotherapy related toxicity in ocular region in adults Dr Gill Whitfield, Clinical Oncologist, The Christie NHS Foundation Trust

10:45	Side effects of radiation in children and young adults Professor Julie Bradley, Associate Professor in the Department of Radiation Oncology, University of Florida
11:05	Q&A Including all second session speakers
11:15	Break
Session 3 Radiotherapy in ocular and periocular neoplasms - specific clinical situations	
11:30	CNS Dr Gill Whitfield, Clinical Oncologist, The Christie NHS Foundation Trust
11:50	Sarcoma Dr Dan Saunders, Clinical Oncologist, The Christie NHS Foundation Trust
12:05	Retinoblastoma Professor Mandeep Sagoo, Professor of Ophthalmology and Ocular Oncology, UCL Institute of Ophthalmology; Consultant Ophthalmic Surgeon, Moorfields Eye Hospital & Barts Health NHS Trust
12:20	Orbital lymphomas Professor Richard Tsang, Radiation Oncologist, Princess Margaret Cancer Centre, University Health Network, Radiation Oncology, University of Toronto
12:35	Benign conditions and palliative treatment Dr Bruno Fionda, Radiation Oncologist, Gemelli Clinic, Rome

12:50	Q&A Including all third session speakers
13:00	Break
Session 4 Radiotherapy in ocular / uveal melanoma	
13:45	Proton beam therapy to the eye - Liverpool experience Dr Aditya Shenoy, Clinical Oncologist, The Clatterbridge Cancer Centre
14:05	Stereotactic radiosurgery with Gamma Knife - Sheffield experience Mr Paul Rundle, Consultant Ocular Oncologist and Clinical Lead for Ocular Oncology, Sheffield Teaching Hospitals NHS Foundation Trust
14:25	Plaque radiotherapy (brachytherapy) Dr Luca Tagliaferri, Radiation Oncologist, Gemelli Clinic, Rome
14:45	Q&A Including all fourth session speakers
14:55	Break

Session 5 Periocular malignancies	
15:10	Surgery in periocular malignancies Mr Sajit Ataullah, Ophthalmic, Oculoplastic and Orbital Surgeon, Manchester University NHS Foundation Trust
15:30	External beam radiotherapy in periocular malignancies Dr Agata Rembielak, Consultant Clinical Oncologist, The Christie NHS Foundation Trust; The University of Manchester
15:50	Brachytherapy in periocular malignancies Dr Luca Tagliaferri, Radiation Oncologist, Gemelli Clinic, Rome
16:10	Q&A Including all fifth session speakers
16:20	Closing remarks
16:30	Close of event

OCULAR AND PERIOcular MALIGNANCIES: INCORPORATING RADIOTHERAPY IN MULTIMODALITY TREATMENT
