

ADVANCED OCULOPLASTIC DISSECTION: FUNCTIONAL & AESTHETIC CONTINUUM

Course Coordination

André Borba, Guilherme Castela

FACULTY

MORNING SESSION

Eyelid Surgery | Aesthetic | Periocular Rejuvenation

Stephanie Young,
Catherine Hwang,
Rob Schwarcz,
Sandy X. Zhang-Nunes,
Don Kikkawa,

Naresh Joshi,
Nuria Pfeifer,
Linda Guakil,
Ana Rosa Pimentel,
Francesco Quaranta-Leoni,

Dan Georgescu,
Ania Buigues,
Carlos Bautzer

AFTERNOON SESSION

Orbit | Reconstruction | Advanced Surgical Anatomy

Robert Allan Goldberg,
Julián Perry,
Diego Strianese,
Dion Paridaens,

Miguel Candial,
Peerooz Saeed,
Ximena Arce,
Marcos Sales,

Tomoyuki Kashima,
Gerardo Graue,
Nádia Lopes,
Joana Providência

LABORATORY STRUCTURE

Hands-On Format

- Advanced Cadaveric Dissection
- Continuous Faculty Supervision
- Functional + Aesthetic Integration
- Premium International Educational Format
- Real-Time Faculty Interaction
- Small-Group Anatomical Guidance

Participant Structure

- 30 Participants
- 1 Cadaveric Specimen for every 2 Participants
- High Faculty-to-Participant Ratio
- Small-Group Interaction
- International Immersive Educational Experience

ADVANCED OCULOPLASTIC DISSECTION: FUNCTIONAL & AESTHETIC CONTINUUM

Course Coordination

André Borba, Guilherme Castela

08:00 **Welcome & Course Introduction**

Overview of Laboratory Organization, Safety Principles, Cadaveric Workflow, Instrumentation, and Educational Objectives.

EYELID & PERIOCCULAR SESSION

08:10 **Applied Eyelid Anatomy: Surgical Layers, Vectors & Safe Planes**

Topics

- Lamellar Anatomy
- Retaining Ligaments
- Vascular and Neural Safety Zones
- Functional-Aesthetic Relationship
- Surgical Vector Analysis

08:30 **Upper Blepharoplasty & Contemporary Upper Eyelid Rejuvenation**

Hands-On

- Skin Marking
- Fat Compartment Management
- Superior Sulcus Concepts
- Laser-Assisted Approaches
- Brow-Tail Integration
- Functional versus Aesthetic Decision-Making

09:10 **Ptosis Surgery Laboratory**

Hands-On

- Levator Advancement
- Müller Muscle-Conjunctival Resection
- Posterior Approach Concepts
- Phenylephrine Test Correlation
- Functional Planning

ADVANCED OCULOPLASTIC DISSECTION: FUNCTIONAL & AESTHETIC CONTINUUM

Course Coordination

André Borba, Guilherme Castela

09:45 **Lower Eyelid Surgery & Midface Continuum**

Hands-On

- Transconjunctival Approach
- Transcutaneous Approach
- Fat Repositioning
- Soof Concepts
- Midface Support
- Prevention of Malposition

10:40 **Coffee Break**

11:00 **Eyelid Support Techniques & Canthal Surgery**

Hands-On

- Canthopexy
- Canthoplasty
- Lateral Retinacular Suspension
- Lower Lid Support Strategies
- Prevention of Scleral Show and Ectropion

11:40 **Eyelid Reconstruction Laboratory**

Hands-On

- Lamellar Reconstruction
- Local Flaps
- Grafts
- Margin Reconstruction
- Functional Reconstruction Principles

12:20 **Functional & Aesthetic Surgical Planning Discussion**

Interactive Discussion

- Surgical Indication
- Combining Procedures
- Functional-Aesthetic Balance
- Complication Prevention
- Real-World Surgical Strategy

13:00 **Lunch Break**

ADVANCED OCULOPLASTIC DISSECTION: FUNCTIONAL & AESTHETIC CONTINUUM

Course Coordination

André Borba, Guilherme Castela

ORBITAL SURGICAL ANATOMY SESSION

14:00 **Topics**

- Orbital Compartments
- Neurovascular Anatomy
- Endoscopic and External Corridors
- Surgical Orientation Landmarks

14:25 **Orbital Decompression Techniques**

Hands-On

- Medial Wall Decompression
- Orbital Floor Decompression
- Balanced Decompression
- Functional and Aesthetic Considerations
- Thyroid Eye Disease Concepts

15:00 **Orbitotomy Approaches**

Hands-On

- Lateral Orbitotomy
- Superior Approaches
- Medial Approaches
- Lesion Access Planning
- Minimally Invasive Concepts

15:35 **Orbital Reconstruction & Complex Defect Management**

Hands-On

- Orbital Fractures
- Implant Positioning
- Volume Restoration
- Complex Reconstructive Concepts
- Functional Rehabilitation

16:20 **Coffee Break**

16:40 **Advanced Orbital Access & Deep Orbit Dissection**

Hands-On

- Deep Orbital Access
- Apex Orientation
- Surgical Exposure Techniques
- Risk Management
- Advanced Anatomical Pearls

18:00 **Closure**
